

**SWETHA ENGINEERING LTD.**

## INTRODUCTION

SWETHA ENGINEERING LIMITED (SEL) was established in the year 1988 by a small group of experienced and dedicated technocrats for manufacture of Pulp and Paper Machineries, Heavy structural fabrication for material handling equipment and general engineering equipment.

Today, SEL has grown into a medium scale engineering unit with in-house design, fabrication shop, and machine shop with about 30 engineers and 200 workmen and has earned niche for itself in its field.

The main pillar strength which brings Goodwill to SEL is Quality, Reliability, Timely Delivery, and Competitive Pricing and after Sales services.

SEL has supplied equipments to all major paper industries in India and also to some overseas clients. SEL has also supplied equipments to other process plants in cement, mining and Chemical Industries.

The company is also having dedicated erection group which undertakes erection of equipments supplied by the company as well as from other reputed manufacturers. Erection group has successfully completed the erection and commissioning of chipping plant, fiberline, pulp mill equipment, evaporators, causticizing plants, paper machine, sheeting machine, and coating plant in paper industries. This group is also having its presence in Cement and Sugar Industry.

While we in SEL are proud of our achievements in the past, we are always updating ourselves to the changing dynamics through constant addition, constructive improvements, implementing innovative methodology of operation, re-engineering, imparting training programs etc.

BUCKET WHEEL ASSLEY

CHAIN FEEDER

CHIP EXTRACTION SCREWS

BOGIES & EQUALISERS

APRON FEEDER

AQUA SEPARATOR

CHIPPER ROTOR

LAMELLA EVAPORATOR BODY

ERECTION OF DIGESTER & BLOW TANK

HYDRA PULPERS

JAW CRUSHER

DRUM SCREEN

DIGESTER PREHEATER

LIME SLAKER

SCREW CONVEYOR

OXYGEN STAGE BLOW TANK

FEEDER BREAKER

ERECTION OF FIBRE LINE EQUIPMENT

CHIPS CONVEYING SYSTEM

LOG CONVEYING SYSTEM

HEAT EXCHNAGER

LOG CHAIN CONVEYOR&TABLE ROLLER

UTM PUPLERS

SS TANKAGES

SCREW PUMP

SOOT BLOWING SYSTEM

DRUM TYPE WOOD CHIPPER

LOG CHAIN CONVEYOR

PM- WHITE WATER SILO TRAY

TUBULAR EVAPORATOR

UTM PULPER
